

Dear friends,

Greetings from Malabar Cancer Centre! MCC is a tertiary cancer centre under Govt of Kerala situated in North Kerala, which not only provides state of the art oncology care, but is also involved in productive cancer research. Children with cancer require holistic care, right from the stage of diagnosis, throughout the treatment and thereafter. As the approach to children differs a lot from adults, delivering pediatric palliative care needs special training. The era of focusing on the survival alone is long gone with current focus being on quality of life. Although pain management is an integral part of pediatric palliative care, the discipline is trying to break the myth that it is limited to pain management and end of life care. In connection with Palliative Care day to be observed on 15th Jan 2017, we are organizing a **CME on Pediatric Palliative Care "TOSHI"** on **14th Jan 2018**, emphasizing the need and importance of this speciality. We invite you all for this academic feast.

Dr Biji MS, Organising Secretary

ORGANISING TEAM

Chief Patron:

Dr Satheesan B
Director, MCC

Patrons:

Dr Dilnath (President, IAP Tly)
Dr Priya (Secretary, IAP Tly)

Organising Secretary:

Dr Biji M S

Organising Committee:

Dr Jithin T K
Dr Vineetha Raghavan

*"A hundred years from now
it will not matter what my bank
account was, the sort of house I
lived in or the kind of car I
drove...But the world may be
different because I was
important in the life of a child"*
-Forest E Witcroft

TOSHI

Touching young lives...
