Malabar Cancer Centre

Venue:
Seminar hall, Malabar Cancer Centre

KERALA PHOCON 2019

Dear Colleague,

It gives us immense pleasure to invite each one of you for the Annual Conference of Hematology Oncology Chapter, Indian Academy of Pediatrics (IAP), Kerala to be held on 6th October 2019. We invite you to one of the oldest picturesque towns in the state, also known as the City of Three "C"s Cricket, Cake and Circus. Thalassery city is well connected to major parts of the country by air, rail and road.

Malabar Cancer Centre is an autonomous tertiary cancer centre under Govt of Kerala situated in Thalassery, which not only provides state of the art oncology care, but is also involved in productive cancer research. It is equipped with care for pediatric cancers involving multidisciplinary treatment and provides state of the art supportive care and child friendly environment.

Although the trend has been to talk a lot about finding a cure for cancer, pediatric malignancies have achieved a reasonably high curative rate. This puts significance on the life of survivors, as they have a long life ahead. We need to focus on their health related quality of life and how as a health worker and a member of society, we can help them. Led by an eminent faculty panel comprising of internationally and nationally acclaimed hemato-oncology experts, this CME will also include poster presentations by pediatric post graduate students and residents.

On behalf of the organizing committee we extend a very warm invitation to all the delegates. We look forward to your active participation in the conference and sincerely hope that you will have a great experience and take home pleasant memories of the conference.

With warm regards,

Dr Satheesan Balasubramanian
Director, Malabar Cancer Centre, Thalassery
Patron

Dr K P A Siddeek
Organising Chairperson

Dr Jithin T K
Organizing Secretary
Secretary, IAP Thalassery
