

MALABAR CANCER CENTRE - POST GRADUATE INSTITUTE OF ONCOLOGY SCIENCES AND RESEARCH

(MCC-PGIOSR)

M.SC MEDICAL BIOCHEMISTRY

Admissions for 2024-25

Affiliated to the

KERALA UNIVERSITY OF HEALTH SCIENCES

About Malabar Cancer Centre - Post graduate Institute of Oncology Science & Research - Malabar Cancer Centre - Post graduate Institute of Oncology Science & Research (MCC-PGIOSR) Thalassery is an autonomous institution under Health and Family Welfare Department, Government of Kerala, established under Societies Registration Act XXI of 1860. The primary objective of Malabar Cancer Centre is to provide comprehensive cancer care to the population of Northern Kerala. MCC-PGIOSR is also a Research and Training Centre, focuses on providing training in oncology, especially for medical and paramedical courses. Apart from the regular academic programs, we also conduct Medical Education Program for Doctors and Post-Graduate Students of nearby Medical Colleges.

Course Overview

Welcome to the **Master of Science in Medical Biochemistry** program offered at Malabar Cancer Centre (PGIOSR) under Kerala University of Health Sciences (KUHS). This three-year program is designed to equip students with the knowledge and skills necessary to excel in the dynamic field of medical biochemistry.

Affiliated University - Kerala University of Health Sciences (KUHS)

Duration- 3 years

Eligibility –

Qualification - B. Sc. Medical Biochemistry/MLT (Four Years)/ MBBS from a recognized university.

Mode of Selection - Based on merit (Marks scored in the graduate level)

Key Features

1. Comprehensive Curriculum: Covering fundamental concepts, advanced techniques, and current trends in medical biochemistry.

2. State-of-the-Art Facilities: Students have access to state-of-the-art laboratories and research facilities at Malabar Cancer Centre (PGIOSR), enabling hands-on learning and research opportunities.

3. Expert Faculty: Learn from experienced faculty members who are experts in their respective fields and are dedicated to providing quality education and mentorship.

4. Research Opportunities: Students have the opportunity to engage in research projects and clinical studies, contributing to advancements in medical biochemistry.

5. Industry Exposure: Gain exposure to industry practices and emerging technologies through internships, seminars, and workshops conducted in collaboration with leading healthcare organizations.

6. Interdisciplinary Approach: Our program encourages interdisciplinary collaboration, fostering connections between medical biochemistry and other healthcare disciplines.

Career Opportunities

- ✓ Clinical Biochemist
- ✓ Research Scientist
- ✓ Laboratory Manager
- ✓ Biochemistry Consultant
- ✓ Academician/Teacher
